RINGLING BROS. CIRCUS COMING TO MEXIA OCTOBER 16TH

NEW YORK TAKES LEAD IN WORLD'S SERIES

INJUNCTION APPEAL HEARING ADVANCED TO OCTOBER 8

NEW SCHEDULE BRINGS SHOW HERE NEXT WEEK

Broadcast the tidings! The great Ringling Brothers and Barnum & Bailey circus is coming to Mexia to exhibit afternoon and night on Thursday, Oct. 16.

The advance billing forces of the Big Show, in charge of George Goodhart, will arrive soon to herald the advent of "the world's ten times biggest circus." These harbingers of the vast combined show number fifty bill posters, lithographers and banner men, all of whom travel in what is called the number one advertising car.

As for the circus itself, the contracting press agent states that one hundred railroad cars are now required to transport the great new show of 1924. These carry fully 1,500 people, including more than 800 world-famous acrobats, riders, gymnasts and athletic marvels.

This season, in further pursuit of their policy of augmentation, Ringling Brothers are presenting for the first time in history five troupes of performing elephants on a single program. These grey-eared giants number three companies of giant pachyderms in the rings and two herds of "Baby Banting" elephants who cavort on steel-structured stages.

Splendid troupes of beautiful Tartarian stallions have been added to the European trained equine displays, and the menage and high school horse numbers increased to fifty.

May Wirth, the greatest bareback rider of all time, the celebrated Wirth family, Phil, the hurricane comedy rider, the Rieffenschla Sisters, performing sensational acrobatic feats on swiftly running steeds, are a few of the seventy famous equestrians presented.

Among the scores of modern physical culture champions, Bertha Beeson, premier high wire artist leads a vast congress of mid-aerial performers. Lily Leitzel, most famous of all aerial gymnasts, Lillian Kincaid, foremost in "revolving cloud swings" at lofty heights and Jenny Rooney, leading a score of artists on the single and double trapeze, are included in the aggregation of world-famed celebrities.

The famous English Clarkonians have been united with the American Nelsons in super-casting acts—with the Sibson-Slegist and Neapolitan troupes, they present the most remarkable aerial casting exhibition ever witnessed under canvas.

Two hundred trained wild animals, including lions, tigers, coal-black panthers and giant polar bears appear in four massive re-enforced steel arenas.

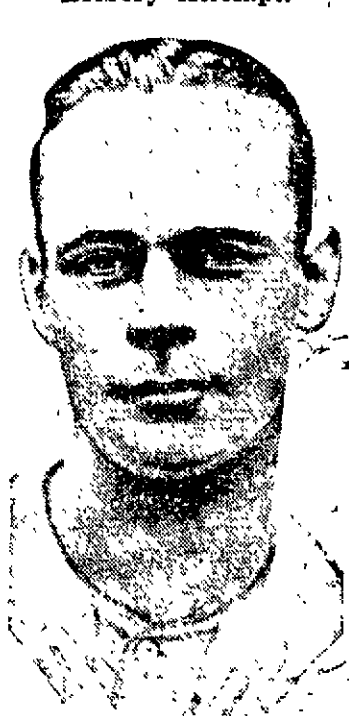

In addition are one hundred of the world's funniest clowns, stage and hippodrome displays by the score, a gorgeous opening parade of fairy-land features and a menagerie of more than a thousand rare animals.

In fact the 1924 program of the Greatest Show on Earth introduces a policy of augmentation in every department.

The Iowa-Ohio contest will be the only game Saturday between two members of the Big Ten, all the other teams playing "practice games."

MAY WHEAT HIGH.
CHICAGO, Oct. 6.—May wheat hit another new high for this crop when it soared to \$1.56, an increase of three cents a bushel over Saturday's price. Other grains are higher.

Sand Exposed O'Connell's Bribery Attempt.

HEINIE SAND.

Baseball Commissioner K. M. Landis gave high praise to Heinie Sand, shortstop for the Philadelphia Nationals, for exposing the attempt of "Jimmy" O'Connell, center fielder for the New York Giants, to give him \$500 to throw a game and clinch the National League pennant for the Giants.

The defendant appeared in court war and thin from her long confinement in jail here. The woman confessed to the killing several weeks ago.

GIANTS CERTAIN THEY WILL WIN BASEBALL'S PENNANT

(By HENRY L. FARRELL, United Press Staff Correspondent)
NEW YORK, Oct. 6.—After break ing even in the two openers at Washington the New York Giants and the Washington Senators jumped into New York today to play three more games of the World Series.

Both teams insist they will be the last games of the series but New York doesn't care much either way as the sixth game if necessary, is scheduled for the American League city.

The players found when they arrived that New York was all worked up to the point where the straphangers remarked casually "well, there is another game at the Polo Grounds this afternoon."

After the excitement and the verbal turmoil in Washington where the bugs were all pepped up over their first chance to see the Senators in a World Series, New York seemed dull and uninterested. New York has no great civic interest in the Giants and even those with a personal attachment to McGraw's team have seen them in three other recent years and it is no novelty.

Word was passed from the Giants office that a capacity crowd of 55,000 was expected and it is reasonable to assume that there will be few empty seats. The demand for tickets has been as heavy as it was in the last three years but it has not approached the rush that made a paradise for the speculators in Washington.

New York didn't turn out any mob to greet or cheer the players. It was too early.

Hazy skies hung over the city this morning and there was a feel of rain in the air. The sun was trying to get through, however, and there was a promise of a clear afternoon.

Buck Harris, the young Washington manager, said before leaving Washington that he probably would pitch Fred Marberry, a huge young right-hander in the third game. Marberry made a record yesterday by winning a World's Series game on three pitched balls.

Miss Beth Ellington, who was operated on Saturday morning at the Pure Oil Co. Hospital by Dr. D. H. Dorsett for appendicitis is doing very nicely.

Relatives Will Fight Crabtree Will

MRS. DOROTHY COFFIN

Angered because of a large part of the \$3,500,000 estate of the late Lotta Crabtree, famous old actress, who died recently in Boston, "is going to the dogs," Mrs. Dorothy Coffin, Crabtree's third cousin, and other relatives will fight to break the will, which also leaves a trust fund of \$2,000,000 to World War veterans. Considerable money was left to care for animals.

WOMEN WORKING HARD FOR SYNOD

The women of Mexia have done their part well in preparing for the coming of the Synod. A large share of the committee work, in making the arrangements and securing homes has been done by women of Mexia. The luncheon at the Christian Church, Thursday at one o'clock given by the Lions Club and the dinner at the Methodist Church Friday at six o'clock given by the Rotary Club, have been made possible not only through the generosity of the churches and the club but the ladies of these churches who are to serve the guests are undertaking a large share of the burden.

A great deal has been said about the program for the Synod composed of the men delegates. But one of the most interesting features is the meeting of the Woman's Synodical Missionary Society which convenes in Mexia at the same time. Many of the women leaders of the church will be present to speak and lead the Bible hours and the Mission Study. These sessions will be held at the Central Presbyterian and the First Christian Church and are open to all who desire to attend.

A reception will be given these women delegates, together with the hostesses in whose homes they are being entertained, Thursday, October 10, from four to six o'clock, at the home of Mrs. R. F. Babb, by the women of the Central Presbyterian Missionary Society.

14th Amendment Tested In Suit In High Court

(By United Press)
NEW ORLEANS, La., Oct. 6.—An attack on the validity of the 14th amendment to the U. S. States Constitution, granting theanchise to negroes, was seen in a suit to be filed in Federal District Court here today seeking to restrain Walter L. Cohen, comptroller of the local customs, from holding office.

The court action, which will be filed in the name of H. E. Bolts, attorney of Washington, D. C., is based on the charge that Cohen is of negro extraction and declares the 14th amendment is invalid because it is alleged, the amendment was not approved by three fourths of the states as required by law. The petition also charges the amendment was not adopted by the required two-thirds vote of both houses of congress.

DALLAS, Texas, Oct. 6.—Edward James, 25, died here last night of injuries sustained when he was run down by a motor truck at a street intersection.

POLITICAL RIOT CLAIMS MANY CUBANS AT CAMAGUEY

(By United Press)
HAANA, Cuba, Oct. 6.—Seven persons were killed and 57 wounded in political rioting at Camaguey last night, according to messages here today.

Fighting started when police attempted to break up a meeting of former President Menocal, who is campaigning for another term as president of the republic.

Firing lasted two hours and order was not restored until the military had been called out.

The Governor of the province, it was reported, sent a message to Secretary of Interior Lluanda here declaring the Menocalistas came to Camaguey heavily armed and started the trouble by attempting to disarm the local police force.

The assistant chief of police at Camaguey and two policemen are among the dead. Two citizens and a city inspector also were killed.

The bloodshed at Camaguey followed earlier fighting Saturday when one man was killed and three wounded in a political quarrel in a cafe at Cienfuegos, province of Santa Clara.

The guard around the Presidential Palace in Havana was doubled this morning.

MA'S MANAGERS PLANNING FOR VERY BUSY CAMPAIGN

(By United Press)
AUSTIN, Texas, Oct. 6.—Plans for a vigorous campaign to give the customary large majority for the state democratic ticket, headed by Mrs. Miriam Ferguson, was made at a specially called meeting of the state democratic executive committee here this morning. Former Governor Jim Ferguson was present but the woman candidate was not.

McADOO OPERATED ON SUCCESSFULLY TODAY

(By United Press)
BALTIMORE, Oct. 6.—William G. McAdoo, former secretary of the treasury and candidate for the presidential nomination, was operated on by Dr. Hugh Young in the Brady Clinic here this morning. He stood the operation well and is expected to leave the hospital in ten days.

SECOND ATTEMPT AT SUICIDE IS SUCCESS

(By United Press)
HOUSTON, Texas, Oct. 6.—Jerked from a window by a fellow roomer as he attempted to commit suicide this morning, James McKnight, 68, drowned himself an hour later in Buffalo Bayou. McKnight was from San Antonio.

Fred Hemstid who has been with the Electric Service Company here for some time resigned his position and left for his home in Wichita Falls last Friday. Fred was an exemplary young man and an enthusiastic Sunday School and Church worker and had many friends here who regret to lose him from their societies but whose best wishes go with him as he returns to mother and sister.

CAPT. ROSENBLUTH

Captain Robert Rosenbluth, of New York City, is soon to go on trial in Tacoma, Wash., with Roland R. Pothier a former army sergeant, charged with the murder of Major A. P. Cronkhite, at Camp Lewis, Wash., in 1915. Major Cronkhite was first thought to have killed himself accidentally at target practice, but his family alleges he was murdered by Pothier at Rosenbluth's command.

MORE AMERICAN SAILORS LAND IN CHINA TO GUARD U. S.

Beaumont To Get Mail by Air Route

(By United Press)
BEAUMONT, Oct. 6.—Inspectors from the air mail service of the postal department will be sent to Beaumont to investigate the establishment of a landing field.

A proposal for air mail service between the United States and the Canal Zone is under consideration and the establishment of a landing field at Beaumont has been asked.

JUST "SCARED"

(By United Press)
DALLAS, Oct. 6.—"Not hurt scared" was the verdict of a physician who was called to attend the "injuries" of Aredas Overture, 7, after he had flopped off a grocery wagon.

When the doc showed on the job, the patient had disappeared. He was found beneath the bed and pronounced safe.

SUPREME COURT GETS TO DOCKET

(By United Press)
WASHINGTON, Oct. 6.—With more than seven hundred cases on the docket the United States Supreme Court opened its 1924 term today with Chief Justice Taft presiding.

Rev. W. N. Carter, well-known evangelistic preacher, has been secured by the Church of Christ local congregation to hold a series of revival meeting in Mexia, beginning Friday night, October 17th. The services will in all likelihood continue through two weeks. The local congregation has been given the use of the McKinney Street Grammar School, where they have been holding services in the past, and as they have no church building the revival will be held there also. A singer has also been secured to assist Rev. Carter in the meeting.

MARBERY FIRST IN BOX BUT IS RELIEVED IN THIRD

(By ANDERSON HORN RADIO)
A crowd of 55,000 fans assembled at the Polo Grounds Monday afternoon to see the third game of the World's Baseball Series, when the Giants forged ahead, winning the game 6 to 4.

This puts New York ahead with two games, while the Washington Senators are credited with one game. Fred Marberry, former Gusher player, started the game for Washington, pitching three innings, following which three more pitchers were used. Two Texas pitchers worked in the game. New York used three pitchers and Washington 4. The New York Giants took the lead in the early part of the game and maintained it throughout. In the first half of the ninth, with the game standing 3 for Washington and 6 for New York, the Senators filled the bases and the guess here was that Senator fans were wild, with the prospects of evening up the score. The rally netted them only 1 run, however.

Chinese Deliver Railway To The Russian Gov't.

(By United Press)
MOSCOW, Oct. 6.—The entire administration of the Chinese Eastern Railway was delivered to the Russian government in Mukden October 4, the United Press has learned. Leading members of the old management of the railway were arrested at Harbin. The delivery of the railway is believed in some circles here constitutes a virtual agreement between the Russian government and Chang Lin, Man churian war lord, now attempting to oust the Central Chinese government from Peking.

FATE OF EARLY APOSTLES SHOWN SUNDAY MORNING

The Young Men's Bible Class of the First Methodist church, is now meeting in the new basement. When all the equipment and furniture are installed, a special room will be designated for the young men. They have been meeting in the parsonage and filling the meeting place each Sunday. The new meeting place will provide room for greater growth.

Noel Hollingsworth is the teacher. Sunday's lesson was brim full of information that brought an inspiration to those present.

That the life of the Christian in days of old was not an easy thing by any means, was brought out by Mr. Hollingsworth, in recounting the fate of the Apostles, all of whom met violent deaths, including Judas Iscariot, the Betrayer who was a suicide.

St. Matthew suffered martyrdom by being slain with a sword at a distant city of Ethiopia.

St. Mark expired at Alexandria after being cruelly dragged through the streets of that city.

St. Luke was hanged upon an olive tree in the classic land of Greece.

St. John was put in a caldron of boiling oil, but escaped death in a miraculous manner, and was after ward branded at Patmos.

St. Peter was crucified at Rome, with his head downward.

St. James the Greater was beheaded at Jerusalem.

St. James the Less was thrown from a lofty pinnacle of the temple, and then bent to death with a fuller's club.

St. Bartholomew was flayed alive.

St. Andrew was bound to a cross, whence he preached to his persecutors until he died.

St. Thomas was run through the body with a lance at Coromandel, in the East Indies.

St. Jude was shot to death with arrows.

St. Matthias was first stoned and then beheaded.

St. Barnabas of the Gentile was stoned to death at Salonic.

St. Paul, after various tortures and persecutions, was at length beheaded at Rome by the Emperor Nero.

Such was the fate of the Apostles, according to traditional statements.

Klan Submits \$25 To The Evangelist Vawter And Party

The Mexia Ku Klux Klan recently contributed \$25 to the Vawter Evangelical party, submitting the same to them through, Rev. G. T. Reeves, pastor of the First Christian church, where the revival was held. The letter to Rev. Reeves follows:

September 30, 1924.

Rev. G. T. Reeves, pastor, First Christian Church, Mexia, Texas.

Dear Sir:

The Knights of the Ku Klux Klan are dedicated "to the sublime duty of providing generous aid, tender sympathy and fraternal assistance, amid fortune and misfortune in the effulgent light of life and amid the sable shadows of death; and to the exalted privilege of demonstrating the practical utility of the great doctrine of the Fatherhood of God, and the Brotherhood of Man, as a vital force in the lives and affairs of men."

We reverently acknowledge the majesty and supremacy of Almighty God and recognize His goodness and providence through Jesus Christ our Lord. We believe steadfastly in the tenets of the Christian Religion of whatever name of orthodox faith and that through its teachings and practice depends the future advancement and welfare of our people and nations. We shall forever stand for, and protect, every consecrated minister of the Gospel in propagating the cause of Christianity that humanity may be blessed.

Realizing in your Evangelistic party, composed of Rev. Vawter, Messrs. Reeves and Howe, and Miss Reeves, the highest type of Christian character and in recognition of the great service they have rendered our community in the Divine cause of Christianity and humanity we ask that you accept the small donation contained herein for them in the same spirit which has actuated its giving.

May God's richest blessings be with each of them in the prayer of every true Klansman.

Very sincerely
Mexia Klan No. 47,
Realm of Texas,
Province No. 3.

The careless use of pipes, cigars, and cigarettes cause countless fires. A lighted cigarette thrown on an open sidewalk grating is supposed to have caused the Baltimore conflagration.

Cards received by Mexia friends of Estel Everett, who is now in California, state that he is enjoying the tour immensely. David Morrow is also a member of a trio making an extended trip through the western part of the United States in a Ford.

Oscar Robinson is laying the foundation for a new cottage on East Commerce street adjoining the new home of J. F. Maddox on the west. After its completion Mr. Robinson and his family will occupy the cottage as a home.

Ernest H. Poteet, Coach of High School Athletics saw Baylor and Denton Normal play at Waco Saturday. He states that the game was the poorest specimen of college football he has ever seen. The game was slow and full of squabbles. It started at 3:00 o'clock and he and Mrs. Poteet left at 6:10 while the game was still going on.

Saturday afternoon a head on collision occurred near the Neece Lumber Company on Palestine and Central. A Dodge car driven by a Wortham lady and a Ford driven by a local lady crashed into each other. The children in the Ford were cut in several places about the head, the wounds being dressed promptly by Dr. Marion M. Brown.

Have Dark Hair And Look Young

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—(Adv.)

TANLAC RESTORED CORSCICANA MAN TO HEALTH SEVEN YEARS AGO.

"About the best thing I could say for Tanlac is that I am still enjoying the good health it brought me six or seven years ago," said Jos. P. Hardin, 210 W. 4th Ave., Corsicana, Texas.

"I am now 73 years old, weigh 180 lbs. and enjoy perfect health. To have no physical ailments and feel so strong and well at that age is certainly something to be thankful for and I just can't praise Tanlac too highly.

"Before I got on to Tanlac my appetite had left me. I was away down in weight, extremely nervous and had very little strength or energy. As I was getting along in years, I didn't know but what my ailments indicated a general decline.

"But in a few days after I began taking Tanlac I started to come right back and then I knew that all I needed was the right medicine for my case. Five or six bottles of Tanlac fixed me up with a dandy appetite, set my nerves in order, brought back my strength and added 10 lbs. to my weight.

"Tanlac just about made me over, you might say, and I feel good enough now to go out and do the old work of farming and saw milling again. My advice to anyone who can't eat or sleep right and feels run-down, is TAKE TANLAC. It sure will build them up and make them feel like new."

CHEEVES BROS. & COMPANY

Saving Ribbon Money Made Croker's Widow Rich; "I Hope to Reach 100 Years," Says Indian Princess

PALM BEACH, Fla. (Special): "Legal disputes don't bother me. I've come to Florida to enjoy the sea breezes. Nowhere in the world can one enjoy such a refreshing climate, summer and winter, or such natural beauty of flowers and trees. I've gained twenty pounds since I have been here. I am getting fat on litigation."

This was the expression of Mrs. Richard Croker, widow of the former chief of Tammany Hall whose emblem is an Indian princess, and who is herself a full-blooded Indian princess. She lives in the "Wigwam," a palatial home on the Croker estate, which extends many miles along the ocean shore south of Palm Beach, and she is planning to erect a magnificent new home of Moorish design next year.

Mrs. Croker's wealth is said to have increased by the margin of a large fortune through the enhancement of value since then. Much of it I bought myself with little pin money which Mr. Croker used to give me. Where other women would spend this money on ribbons, I would run out and buy a little piece of land. In this way I acquired a whole additional mile of property," said Mrs. Croker.

"But," she added, "I should have done better. The land around Lake Okeechobee which is being opened up by W. J. Conners and his famous highway across the Everglades is of special interest to me since Mr. Croker sought to purchase it many years ago. "In fact it was this land as much as anything which was directly responsible for the break between Mr. Croker and his son. When Mr. Croker desired to purchase the land he wrote to his son for money and was refused since his son did not think it was a sound investment. The land has increased since then many millions of dollars."

"I expect to spend most of my life in Florida. It is natural for one of my inheritance to live out in the open, and personally I want to live here to be 100 years old. "The desire for long life is natural. Our benefactors of humanity should live on forever doing good, in the genial climate of Florida. Mr. Conners, who is half Floridian, is one of our great men just as Mr. Flagler and Mr. Croker were. He is doing a great work for humanity in opening up the once pathless Everglades. When Mr. Croker used to say even then he would succeed; and now look at him today. Mr. Flagler accomplished for Florida what the Gold Rush of Forty-Nine did for California."

"And the Flagler people are still carrying on his work. In the tracking their Florida East Coast Railroad, building lines through the Everglades, and bringing down to Florida through trains from northern cities they are making it possible for millions to enjoy this land. Ponce de Leon missed eternal youth but the people who are coming here are getting renewed youth and health. "Few people understand the size of this tremendous undertaking of Mr. Conners, and of the Flagler people, and other workers for Florida in making rich and available when it was almost as remote as Africa. I expect to become directly interested in some of this new land myself next year."

Housewives Help National Prosperity By Eliminating Waste In the Kitchen

Food left-overs formerly consigned to the refuse container are now being utilized by thousands of housewives in fashioning palatable dishes. "Thrift is shown by a large element of American women," says a survey by the National Association of Ice Industries, "despite the colossal kitchen waste which will only be eliminated through years of educational service by home economists. "Since stress of war drove home the advantages of food conservation, at least ten percent of all housewives have continued along lines of economy. Since the war an additional twenty percent have been taught kitchen economy by the experts of various organizations. Therefore in thirty percent of American homes kitchen waste is reduced to a minimum. Food is properly cared for in well-iced refrigerators and wholesome left-overs are daintily prepared and quickly consumed. The refrigerators are properly packed but not stuffed with food. "Greatest waste among individual families is recorded in the more prosperous homes where servants are maintained. When the problem of food wastage by careless servants is solved the aggregate annual kitchen loss will have been materially reduced. Food wastage also obtains to a considerable extent among the very poor families, due to ignorance and inadequate refrigeration facilities. A chief fault is overstocking on pay day. "Generally speaking, however, the average housewife is far more judicious than she was ten years ago, and she has learned the economy of a good refrigerator with a well-filled ice chamber."

Ideal for All-Day Wear
This lovely frock in dark navy blue charmesse with its novel touches in the way of buttons and widened girdle will appeal to the woman who seeks variety for familiar lines. The fur trimming is especially smart.

Originality is achieved in the development of this trotteur frock without the sacrifice of simplicity. The model calls for 3 yards of 54-inch charmesse or other fabric, with 1 yard of fur banding 5 inches wide.

Groups of hand-made tucks alternate with panels of embroidery in the decoration of the dress, the lower edge being scalloped and trimmed with Valenciennes lace. In the diagrams given, the home dressmaker is shown how, first to hem the scalloped edge, then how to sew on the lace. The narrowest possible hem should be used for a round edge. First, turn the edge, then baste it. If necessary, snip the turned edge every inch or two so that the hem will lie perfectly flat. If panels

The Art of Beauty

By B. M. DOUGLAS

HOT SHOVELS, WINE, AND MYRRH REQUIRED IN OLD BEAUTY RECIPES

NOWADAYS when millady wishes to apply a cleansing cream, astringent, hair tonic, or other beauty lotion, she merely opens a dainty little bottle or jar where the preparation is all ready for use.

Not so with the woman of even a few centuries ago. When she wished a beauty treatment she had to assemble half a dozen ingredients, mix them carefully according to formula, perhaps even cook them and cool them. Consider the difference, too, in the methods of applying them. Compare the relative comfort between sitting in an easy chair in your boudoir patting on an astringent, and going thru the inquisition process described in this ancient astringent recipe, supposed to tone up the skin and remove crow's feet:

"Heat a shovel red hot, and on it throw a pinch of powdered Myrrh, meantime throwing a thick towel over the head and bending over the shovel to get the fumes directly upon the face. Repeat this three times, then heat the shovel a fourth time and spray on a little white wine. Let the fumes penetrate, and repeat the procedure three times."

It is obvious that this recipe was in vogue in the days when white wine was more available than it is to-day!

A popular hair-oilment of 1400 A. D. was made by the following recipe: "Mix salicarnine, vitriol, and nitrate of potassium; grind together with dried roots of swallow-wort, oil of popples, bile of an ox, a very little saffron, Arabic gum, alum, sulphur, and ginger. Rub the hair with this preparation and leave it all morning." Another "hair-raising" recipe of olden times reads: "Take dried cails from the Orient, grind them to powder, and mix them in equal proportions with the yolks of eggs that have been boiled; then mix with white wine. Rub on the hair."

In the evening, wrap the head in a kerchief, and wash in the morning with olive oil soap and fresh water. No wonder women had no carcers and took no part in the world's work in those days when good grooming demanded so much time and work! An etiquette book of less than a century ago admonishes women that the "only safe way to color the face is to dip a bit of red silk in some wine and rub on the cheeks where the color is desired." In the twentieth century, with rouges which meet the most stringent requirements as to purity, we should scarcely consider this method desirable or even safe, and one can imagine that the ladies of each toilette, choosing from their wide selection, Blanche, Naturelle, Mandarine, Asche of Roses, or whatever rouge is best suited to the particular costume and occasion.

DANGERS OF HOME

Insurance payments help recompense the insured in a financial way but they cannot restore an arm, a leg or a life lost through carelessness. Nor can they replace the great economic loss that results from fire carelessness which destroys \$500,000,000 worth of property annually in this nation. Insurance companies cannot give 100% service to persons or property without the hearty cooperation of every individual citizen.

Forty-seven percent of all claims paid by accident insurance companies are on mishaps incurred in the home and incident to recreation, exclusive of motoring.

Once upon a time when Mark Twain was about to take a railroad journey the agent tried to sell him insurance against being killed enroute.

"Thank you, no," replied Mark. "I have seen statistics which prove that the vast majority of deaths occur in bed. I will be glad to take a policy insuring me against that."

The files of casualty insurance companies show that the most dangerous place in the world for accidents is in and around the home, an especially hazardous place next to polished floors is the family bathtub. The baby's finger pokes lots of eyes out, one company paying 236 claims for damaged eyes.

The automobile has the highest individual score. National Safety Council says 75,500 persons were killed by automobiles in 1922.

THREE DESIGNATED HIGHWAYS.

Mexia is located on three designated highways. These are: The N.-All highway, North and South; the Roger Q. Mills highway, North and West and the Lone Star Trail, East and West; shortest route from Florida to California. These highways are to be improved constantly. Already, thousands of tourists flock through here annually. The Lone Star Trail has only recently been marked through here. Freestone county has voted a million dollars to improve her roads and highways and the Lone Star Trail is included in the program. With its completion to the Trinity river, an endless stream of people will pour through Freestone County and Mexia, going and coming from all of the states of the South and Atlantic States and many states of the West and Pacific coast. This means more visitors, more permanent citizens, more excellent publicity, more wealth and more opportunities. Welcome to Mexia!

SOME DIFFERENCE

European telephone experts met at Paris some weeks ago to discuss the establishment of an international advisory committee on long-distance telephony in Europe.

From a technical standpoint there is no reason why long-

distance telephone communication should not be made as easy and universal in Europe as it is in North America; but the financial and political difficulties of co-ordinating the telephone systems of a dozen different countries are considerable.

This is in striking contrast to the American system which enables a telephone subscriber to use any Bell telephone whether in a farm house or city office, to speak to practically any point in this nation.

Telephoning in this country is as much a matter of daily routine as eating.

Mexia is a \$5,000,000 institution, according to the tax records. The city has all the modern conveniences and public utility enterprises found in the great cities of the country. Most all such improvements as are noted in the waterworks plant; sewer system; incinerator plant; paved streets and alleys; public school buildings, including as magnificent a high school plant as can be found in Texas; its city hall and fire department, have been made possible through the voting of bonds which is indicative of the progressive spirit of the citizens of the city that vision is building.

LIMESTONE COUNTY DEMOCRATS URGED BY EUBANKS TO GET IN BEHIND THE "DAVIS AND BRYAN VICTORY CLUBS"

Active organization of "Davis-Bryan Victory Clubs" in every town in Limestone county began today according to A. H. Eubanks chairman of the county Democratic finance committee, recently appointed by W. L. Clayton of Houston, state chairman.

According to Mr. Eubanks a club will be organized in every town in the county at the earliest possible moment. The quota for Limestone county has been set at \$1,000.00. It is believed this amount and more will be realized from membership dues in the Victory Clubs within the next few days. The following statement was issued today by Mr. A. H. Eubanks.

"I feel sure that every Democrat in Limestone county is anxious to become a member of his local 'Davis-Bryan Victory Club'."

"Membership in the club is based on \$10.00 for sustaining membership; \$5.00 for active membership and \$1.00 for membership. The general appeal will be made on the \$1.00 membership. It is hoped however that many citizens will subscribe the larger amounts."

"Blanks have been furnished presidents of the clubs in the various towns and communities in the county. These blanks are headed with the signatures of Jno. W. Davis and Chas. W. Bryan who have expressed a desire to become charter members of every club."

"Every man and woman joining will sign the enrollment blank."

"A Red Rooster will be given each member—this button is the official emblem of membership."

"With the tide of victory rapidly swinging to Mr. Davis and Mr. Bryan our county will want to do its part in this campaign."

"I realize that Texas will go

CAPTAIN MARLEY GOOD SCHOLAR AND ATHLETE AS WELL

AUSTIN, Texas, Oct. 6.—That athletics and scholarship mix well at the University of Texas is indicated by the exceptional scholastic record of James B. Marley, of McKinney, captain of the Longhorn football team this season. Marley was recently elected president of the Theta chapter of Beta Alpha Psi, a new professional accounting fraternity which has been organized at the University, and which bases membership on high scholastic standing in the School of Business Administration and on special interest in accounting.

Although he is only 21 years old, he is a candidate for both the bachelor and master of business administration degrees to be awarded next Commencement, and will finish the five-year course leading to those degrees in four years. Last year he was listed on the honor roll of students deserving special mention scholastically every term, and was awarded the medal offered by the Athletic Council to the football player who made the best grades during the year.

The Longhorn captain is also president of Alpha Kappa Psi, business administration fraternity having election to membership on general ability and personality, and will have a prominent part in the district convention of the fraternity which will be held at the University of Texas, October 17-18. This convention will be attended by representatives from every school in the Southwest maintaining a chapter of the fraternity.

Marley also was president last year of Beta Gamma Sigma, business administration fraternity, having election to membership on an exceptionally high scholastic average. This year he is vice-president of that organization. In addition, he takes an active part in the Council of the Young Men's Christian Association, of which is secretary. He is also a member of Sigma Alpha Epsilon social fraternity. He was one of the most active promoters of the stadium campaign on the campus last year and was captain of the business administration team of stadium workers.

Stanford's Lead Further Reduced By Court Count

J. A. Stanford lost 67 votes in the recount of disputed Hill county boxes Friday by Judge James P. Alexander, of the Nineteenth district court, where the Spivey-Stanford election contest is on trial. A number of Hill county ballots had to be thrown out, on account of improper signature by the presiding judge, or no signature. Local handwriting experts were called into court to compare signatures on each ballot with samples furnished by the judges of the boxes.

Last week's results put Spivey, present incumbent of the office of associate justice, Tenth court of civil appeals, within a few votes of Stanford, whom the district judicial convention last summer declared nominated by a majority of 272 votes in the first primary. The contest, filed by Spivey, has resulted so far in the discovery of a 200-vote error, in Spivey's favor, in Hamilton county, and the throwing out of several boxes which went for Stanford, altogether showing a substantial gain for the plaintiff.

However, as Judge Alexander pointed out, the territory which has so far been checked (Hill, Bosque and McLennan counties, were strong Stanford sections, so that the proportion of his loss when ballots or precincts are thrown out there is larger than that of Spivey. This week when Spivey precincts will be checked, conditions may be reversed. Judge Alexander has called for ballots in all contested boxes to be brought into court. However, it was reported to him yesterday that Coryell county ballots had already been burned, so that it will be impossible to check that county.

Spivey led in Limestone County.

CONFESSION CLOUDS WORLD'S SERIES

JIMMY O'CONNELL, M.P.

RUTH'S ALL AMERICAN AND SOME OTHERS

NEW YORK, Oct. 6.—Babe Ruth has picked an All-American baseball team. No one will doubt the gameness of the Babe in stepping out of his regular part, but plenty will question his judgment.

The Babe should be a qualified observer and he is in a position to know ball players, but when the Swat King assumes the responsibility of putting the nine best players of the year on All-American team, he will get more negative votes than affirmative support.

You, perhaps, feel that you can pick a better team than the Babe's. Someone else will offer a better combination than yours. The third team will be picked apart and judged inferior to the other fellow's fourth team. So on.

The Babe picked as his choice for the best lineup: Cuyler, Pittsburgh, right field; Roush, Cincinnati, center field; Jamieson, Cleveland, left field; Judge, Washington, first base; Hornsby, Cards, second base; Dugan, Yankees, third base; Peckinpaugh, Washington, shortstop; Schang, Yankees, catcher; Vance, Brooklyn, and Penneck, Yankees, pitchers.

Cuyler is a left fielder, and he's the best today in the big leagues. Ruth had the modesty not to name himself on the team, but he and Pep Young are, by a good margin, the best right fielders in the game. Roush is a fine player and a good

AGGIE LINE IS WEAK POINT YET TO BE REPAIRED

DALLAS, Texas, October 6.—The Texas Aggies start Monday after-

noon the first of a brief four day's grind in which Bible must remodel his entire back field plans before his team comes to Dallas Saturday to play the Sewanee Tigers at the Stadium in the biggest game the section has known this season.

The Aggie attack was largely built around the triple threat of the captain from Coleman and Bible must devote his energies to using the similar abilities of Fay Wilson, who immediately takes an important post in the backfield, and of Mit Dansby, who will probably now be used at half-back regularly.

The Aggies have counted very strongly all year on another new factor coming through. This is Kishi, the Jap lad from Orange, who was on the squad this year and who this season has shown extraordinary improvement as a running back. If Kishi won an expected regular place with the Aggies, he will be the first son of Nippon to letter on a Southwestern Conference gridiron.

While the loss of Louis Miller is a severe blow to the Aggies in one respect, it will help the team materially in another. The broken ankle

sustained in the second time by the leader of the eleven in the service of A. and M. will supply an inspiration for the remainder of the squad. They will be battling the rest of this new for Miller as well as for A. and M.

While the back field has been materially hampered by the blow dealt it must be remembered that the offense never faltered against Southwestern and that the team proceeded to take its feelings out on South-

western by running up a big score. Meanwhile, Rothgaw's line is getting better every day.

The three-fourths of one way fare given as a round trip rate to Dallas Saturday from all points in Texas is bringing a record crowd here. Seats will go on sale Saturday at 1 o'clock at the Adolphus Drug Store, Commerce and Akard.

Splawn Believes In Big Lake As Oil Bearing Area

AUSTIN, Texas, Oct. 6.—In order to ascertain for himself the status and prospects of oil development operations upon lands owned by the University of Texas in Reagan County, Dr. W. M. W. Splawn, President of that institution, visited the new field there this week. He returned very optimistic as to the prospects of the University obtaining a considerable amount of revenue from the oil royalty of the wells already drilled upon its lands.

"There is no doubt about there being oil on the University lands at Texon," Dr. Splawn said. "There are about eleven wells which are producing. Some of them are very small producers. Most of them are being pumped. However, there are two big gushers each of which will flow from two to three thousand barrels a day. Enough wells have been drilled to make it practically certain that the royalty which the University will receive will amount to something like \$250,000 to \$500,000. Just how extensive the field is has not yet been determined, and one man's guess is perhaps as good as another's.

"Under the Laws of Texas, the royalty from the sale of oil off the University lands goes into the permanent endowment, and will not be available for any other purpose. The interest from it will be used toward the construction of buildings. Some desire to ask the next legislature to make the income from the oil available for building purposes. It remains, however, to be seen whether the legislature under the constitution would have the power to make such disposition of these funds. There is some promise that the endowment of the University will be substantially increased through the discovery of oil on the lands of the institution.

Lions Enthusiastic Over Friday's Meet

The Lions luncheon Friday was characterized by an enthusiasm that sets it apart from other meetings of the year. Lion R. C. Prewitt was leader of the day and a splendid program was presented. The Mexia Black Cats and their sponsor Miss Bybee were the guests of honor and brought with them the fine school spirit and the pep that characterizes their actions on the football field.

Coach Poter who is earnestly engaged in developing the formidable Black Cats into the invulnerable eleven that will make Mexia famous, spoke on a subject upon which he is always ready to discuss—Athletics. He outlined in a concise manner the present rules of the High School association, expressed the appreciation of himself and his proteges for the fine spirit that prompted the invitation to the luncheon and closed by inviting so cordially the Lions to Friday's game with Itasca that they turned out a score strong, backing the cats with a zest and enthusiasm unknown to some of them.

The Black Cats quartet rendered several popular numbers and Miss Bybee the sponsor delighted her hearers with Riley's "Old Sweetheart of Mine."

Lion Landrun made a talk on football urging the boys on to success and pointing out the rewards of playing the game on the square.

On the motion of Lion Hollingsworth a committee was appointed to decide on a trophy or a cup to be presented by the Lions Club to the man who proves himself most valuable on the team this year. The requirements to be met will be decided on by this committee also.

At the close of the meeting Rev.

MEN AND WOMEN IN NEWS OF THE DAY

Above: MRS. MIRIAM FERGUSON & MRS. FINLEY SHEPARD
Below: REV. DR. H. E. FOSDICK & JACKIE COOGAN

Mrs. Miriam ("Ma") Ferguson, of Temple, Texas, Democratic nominee for Governor, is eligible to hold that office, according to a ruling of Judge George Calloun, of Austin, who refused an injunction to keep her name off the ticket. Mrs. Finley J. Shepard, the former Helen Gould, wrote to the President of the Missouri Pacific Railroad in 1909 to get him to assure her fiancé a good executive position. It was brought out in the New York court fight over the \$50,000,000 estate of her father, the late Jay Gould. The Rev. Dr. Harry Emerson Fosdick, Baptist pastor of the First Presbyterian Church of New York, is expected to resign his pastorate rather than obey the order of the Presbyterian General Assembly that he accept the Presbyterian confession of faith. Jackie Coogan, American juvenile screen star, furnished vast amusement to Pope Pius, when the latter received him in audience, by telling the Pontiff the Vatican would make a "sweet set" for a motion picture.

Victor K. Aubrey was elected a member of the club.

LIONS TO FEED THE VISITORS FRIDAY

There will be no weekly meeting of the Lions club this coming Friday. The Lions have designated a program committee that will be in

charge of a luncheon which the club will serve to the Lions among the delegates and visitors to the Synod. This luncheon will be served in the dining room of the First Christian church and on account of the big number expected to be entertained, only the members of the committee from the Lions organization here will be expected to attend.

Bob-Your-Own With A Thing-a-May-Jig

EL PASO, Oct. 6.—And now they're bobbing their own hair—at least part of it.

The flapper in the barber's chair promises daily to become less of a menace to mere man. The razor strap hangs heavy over their heads. In addition to the rouge box, paint pot and whatnot on milady's boudoir table, there now reposes a fearsome

looking nickelplated machine. Its a bob your-own thing a may jig with which she trims her neck and with the aid of a sister or friendly brother the whole bob may be done.

El Paso firms which have the equipment for sale say recruits to the ranks of the home-bobbers are increasing at the rate of 15 to 20 a day and the number is growing.

The Lone Star Trail from Mexia's city limits to Tehuacana is now in pretty good shape and is being constantly improved. In the meantime,

Mexia four blocks from the limits to Commerce paving is as bad as in. Just think what it would mean ever. This is a strip over which at if repaired.

Protecting Health
Of Students At U.

AUSTIN, Texas, Oct. 6.—Excellent means are provided at the University of Texas to protect the health of all students. For a fee of five dollars required of every registrant, students are entitled to a thorough physical examination, consultation with physicians during office hours, necessary calls at the students' homes, and all visits necessary while a student is confined at a hospital. In addition, students receive board, lodging, and nursing at a hospital in case of necessity, not to exceed 21 days. Students also have the benefit of an ambulance, pathological and X-ray examinations, when authorized by the dean of the University Health Service, minor surgical operations, as well as eye, ear, nose and throat examinations and treatments. The medical staff has also established an extensive program having to do with all phases of preventive medicine. Regular inspections are made of all University buildings and grounds, all fraternities and sorority houses, boarding houses, cafes, theaters, swimming pools, and all other places where students congregate. The personnel for the University Health Service for the 1926-27 session will be as follows: Dr. C. W. Goddard, dean; Dr. C. S. Gates, physician for men; Dr. Mary Elizabeth Roe, physician for women; Dr. S. N. Key, eye, ear, nose and throat specialist; Mrs. Minnie D. Wyatt, secretary.

Gasoline Down to
5 Cents at Cotulla

COTULLA, Oct. 6.—Cotulla had a little gasoline price war all its own and while it lasted it made "joy juice" reductions in the east fade into insignificance. Competition between firms started the ball rolling. The first reduction went to fifteen cents. Daily it went a little lower as one firm underbid the other. Finally it slumped to the new low figure of five cents, and halted thereby hanging up a record for the entire country. Tourists, it is said, are driving several miles out of their way to get to Cotulla these days.

MEXIA PARTY AT CAPITOL
HAVE BOX AT THE GAME
NEXT TO THE PRESIDENT

According to a message received from Washington, Mr. and Mrs. Jesse McLendon, Mr. and Mrs. J. K. Hughes and Mr. and Mrs. Jack Womack, the Mexia party secured a box to witness the world's series at Washington, adjoining the box used by President and Mrs. Calvin Coolidge. It is guessed around here, however, that the Mexiaites, especially Mr. McLendon, were more anxious to see Fred Marberry than they were anybody else. Marberry, former Gusher pitcher, rose to the height of a hero in the game Sunday.

TWO GOOD FAMILIES
MOVED TO EL PASO

T. M. Goudeau, who has been with the Community Light and Power Company here for some time, left Saturday for El Paso to join his wife who went out there several weeks ago for her health, accompanied by her mother, Mrs. H. S. Harlan. Mr. Harlan, also with the Community Light and Power Company, accompanied Mr. Goudeau both having resigned their positions here and will seek employment in the western city. Thus Mexia loses two good families, and their church loses several loyal members and workers. They carry with them the best wishes of many friends here who hope for the early recovery of Mrs. Goudeau.

RINGLING BROS. CIRCUS COMING TO MEXIA OCTOBER 16TH

NEW YORK TAKES LEAD IN WORLD'S SERIES

INJUNCTION APPEAL HEARING ADVANCED TO OCTOBER 8

NEW SCHEDULE BRINGS SHOW HERE NEXT WEEK

Broadcast the tidings! The great Ringling Brothers and Barnum & Bailey circus is coming to Mexia to exhibit afternoon and night on Thursday, Oct. 16.

The advance billing forces of the Big Show, in charge of George Goodhart, will arrive soon to herald the advent of "the world's ten-times biggest circus." These harbingers of the vast combined show number fifty bill posters, lithographers and banner men, all of whom travel in what is called the number one advertising car.

As for the circus itself, the contracting press agent states that one hundred railroad cars are now required to transport the great new show of 1924. These carry fully 1,600 people, including more than 800 world-famous aerialists, riders, gymnasts and athletic marvels.

This season, in further pursuit of their policy of augmentation, Ringling Brothers are presenting for the first time in history five troupes of performing elephants on a single program. These grey-eared actors number three companies of giant pachyderms in the rings and two herds of "Baby Bunting" elephants who cavort on steel-structured stages.

Splendid troupes of beautiful Tartanian stallions have been added to the European trained equine displays, and the menage and high school horse numbers increased to fifty.

May Wirth, the greatest bareback rider of all time, the celebrated Wirth family, Phil, the hurricane comedy rider, the Rieffensch Sitters, performing sensational acrobatic feats on swiftly running steeds, are a few of the seventy famous equestrians presented.

Among the scores of modern physical culture champions, Bertha Beeson, premier high wire artist leads a vast congress of mid-aerial performers. Lily Leitzel, most famous of all aerial gymnasts, Lillian Kincaid, foremost in "revolving cloud swings" at lofty heights and Jenny Rooney, leading a score of artists on the single and double trapeze, are included in the aggregation of world-famed celebrities.

The famous English Clarkonians have been united with the American Nelsons in super-casting acts—with the Silbon-Siegist and Neapolitan troupes, they present the most remarkable aerial casting exhibition ever witnessed under canvas.

Two hundred trained wild animals, including lions, tigers, coal-black panthers and giant polar bears appear in four massive re-enforced steel arenas.

In addition are one hundred of the world's funniest clowns, stage and hippodrome displays by the score, a gorgeous opening pageant of fair-land features and a menagerie of more than a thousand rare animals.

In fact the 1924 program of the Greatest Show on Earth introduces a policy of augmentation in every department.

Iowa-Ohio Game Is Next Big One

(By United Press) CHICAGO, Oct. 6.—Ohio State scoring the first Big Ten victory Saturday by defeating Purdue 7 to 0 faces a chance to increase her early lead in the middle Western football conference next Saturday when the Buckeyes journey to Iowa City to engage the once powerful Hawkeyes.

The Iowa-Ohio contest will be the only game Saturday between two members of the Big Ten, all the other teams playing "practice games."

MAY WHEAT HIGH.

CHICAGO, Oct. 6.—May wheat hit another new high for this crop when it soared to \$1.56, an increase of three cents a bushel over Saturday's price. Other grains are higher.

(By United Press) BELLVILLE, Texas, Oct. 6.—Russell Slevier, 20, is being held here in connection with the death of Pete Cielwacz, 35, wealthy Bohemian farmer, slain during a dance hall fight at Frydek, near here Sunday. The victim was struck with a bottle and his jugular vein was severed.

TEXARKANA HAS BIG FIRE.

(By United Press) TEXARKANA, Texas, Oct. 6.—Loss estimated at \$225,000 was caused early Sunday when fire destroyed The Texarkana compress and three thousand bales of cotton. The cotton was valued at \$300,000. Three thousand bales of cotton in another section of the compress grounds were saved by firemen.

THIRD COURT OF APPEALS SETS WEDNESDAY FOR CASE

(By United Press) AUSTIN, Texas, Oct. 6.—The Third Court of Civil Appeals which opened Monday, granted a motion to advance the submission of the appeal in the injunction suit brought by Charles Dickson of San Antonio to keep the name of Mrs. Ferguson off the ticket as the democratic nominee for governor. The Appellate Court set the case for submission October 8 subject to be further postponement to October 11.

MURDER TRIAL FOR WOMAN POSTPONED

(By United Press) SAN MARCOS, Texas, Oct. 6.—The case of Mrs. Anna Hauptrieff, charged with the murder of her four step children and husband and attempted murder of her present husband by poisoning, was postponed until October 13 at the request of counsel when called in district court here this morning. The defendant appeared in court wan and thin from her long confinement in jail here. The woman confessed to the killing several weeks ago.

GIANTS CERTAIN THEY WILL WIN BASEBALL'S PENNANT

(By United Press) NEW YORK, Oct. 6.—After breaking even in the two openers at Washington the New York Giants and the Washington Senators jumped into New York today to play three more games of the World Series.

Both teams insist they will be the last games of the series but New York doesn't care much either way as the sixth game if necessary, is scheduled for the American League city.

The players found when they arrived that New York was all worked up to the point where the strap-hangers remarked casually "well, there is another game at the Polo Grounds this afternoon."

After the excitement and the verbal turmoil in Washington where the bugs were all pepped up over their first chance to see the Senators in a World Series, New York seemed dull and uninterested. New York has no great civic interest in the Giants and even those with a personal attachment to McGraw's team have seen them in three other recent years and it is no novelty.

Word was passed from the Giants office that a capacity crowd of 55,000 was expected and it is reasonable to assume that there will be few empty seats. The demand for tickets has been as heavy as it was in the last three years but it has not approached the rush that made a paradise for the speculators in Washington.

New York didn't turn out any mob to greet or cheer the players. It was too early.

Hay skies hung over the city this morning and there was a feel of rain in the air. The sun was trying to get through, however, and there was a promise of a clear afternoon.

Buck Harris, the young Washington manager, said before leaving Washington that he probably would pitch Fred Marberry, a huge young right-hander in the third game. Marberry made a record yesterday by winning a World's Series game on three pitched balls.

Relatives Will Fight Crabtree Will

MRS. DOROTHY COFFIN.

Angered because of a large part of the \$3,500,000 estate of the late Lotta Crabtree, famous old actress, who died recently in Boston, "is going to the dogs," Mrs. Dorothy Stuart Crabtree Coffin, third cousin, and other relatives will fight to break the will, which also leaves a trust fund of \$2,000,000 to World War veterans. Considerable money was left to care for animals.

WOMEN WORKING HARD FOR SYNOD

The women of Mexia have done their part well in preparing for the coming of the Synod. A large share of the committee work, in making the arrangements and securing homes has been done by women of Mexia. The luncheon at the Christian Church, Thursday at one o'clock given by the Lions Club and the dinner at the Methodist Church Friday at six o'clock given by the Rotary Club, have been made possible not only through the generosity of the churches and the club but the ladies of these churches who are to serve the guests are undertaking a large share of the burden.

A great deal has been said about the program for the Synod composed of the men delegates. But one of the most interesting features is the meeting of the Woman's Synodical Missionary Society which convenes in Mexia at the same time. Many of the women leaders of the church will be present to speak and lead the Bible hours and the Mission Study. These sessions will be held at the Central Presbyterian and the First Christian Church and are open to all who desire to attend.

A reception will be given these women delegates, together with the hostesses in whose homes they are being entertained, Thursday, October 10, from four to six o'clock, at the home of Mrs. R. F. Babb, by the women of the Central Presbyterian Missionary Society.

14th Amendment Tested In Suit In High Court

(By United Press) NEW ORLEANS, La., Oct. 6.—An attack on the validity of the 14th amendment to the U. S. Constitution, granting theanchise to negroes, was seen in a suit to be filed in Federal District Court here today seeking to restrain Walter L. Cohen, comptroller of the local customs, from holding office.

The court action, which will be filed in the name of H. E. Bolts, attorney of Washington, D. C., is based on the charge that Cohen is of negro extraction and declares the 14th amendment is invalid because it is alleged, the amendment was not approved by three fourths of the states as required by law. The petition also charges the amendment was not adopted by the required two-thirds vote of both houses of congress.

MAN KILLED BY CAR.

(By United Press) DALLAS, Texas, Oct. 6.—Edward James, 26, died here last night of injuries sustained when he was run down by a motor truck at a street intersection.

POLITICAL RIOT CLAIMS MANY CUBANS AT CAMAGUEY

(By United Press) HAANA, Cuba, Oct. 6.—Seven persons were killed and 57 wounded in political rioting at Camaguey last night, according to messages here today.

Fighting started when police attempted to break up a meeting of former President Menocal, who is campaigning for another term as president of the republic.

Firing lasted two hours and order was not restored until the military had been called out.

The Governor of the province, it was reported, sent a message to Secretary of Interior Irujo here declaring the Menocalistas came to Camaguey heavily armed and started the trouble by attempting to disarm the local police force.

The assistant chief of police at Camaguey and two policemen are among the dead. Two citizens and a city inspector also were killed.

The bloodshed at Camaguey followed earlier fighting Saturday when one man was killed and three wounded in a political quarrel in a cafe at Cienfuegos, province of Santa Clara.

The guard around the Presidential Palace in Havana was doubled this morning.

MA'S MANAGERS PLANNING FOR VERY BUSY CAMPAIGN

(By United Press) AUSTIN, Texas, Oct. 6.—Plans for a vigorous campaign to give the customary large majority for the state democratic ticket, headed by Mrs. Miriam Ferguson, was made at a specially called meeting of the state democratic executive committee here this morning. Former Governor Jim Ferguson was present but the woman candidate was not.

YOUNG GIRL SUICIDES ASKING FORGIVENESS

(By United Press) HOUSTON, Texas, Oct. 6.—Despondent because her father had scolded her, Thelma Calvert, 18, pretty brunette, walked into her bedroom early Sunday afternoon, wrote a note asking forgiveness and sent a bullet crashing into her heart. She died almost instantly.

McADOO OPERATED ON SUCCESSFULLY TODAY

(By United Press) BALTIMORE, Oct. 6.—William G. McAdoo, former secretary of the treasury and candidate for the presidential nomination, was operated on by Dr. Hugh Young in the Brady Clinic here this morning. He stood the operation well and is expected to leave the hospital in ten days.

SECOND ATTEMPT AT SUICIDE IS SUCCESS

(By United Press) HOUSTON, Texas, Oct. 6.—Jerked from a window by a fellow roomer as he attempted to commit suicide this morning, James McKnight, 68, drowned himself an hour later in Buffalo Bayou. McKnight was from San Antonio.

Fred Hemstad who has been with the Electric Service Company here for some time resigned his position and left for his home in Wichita Falls last Friday. Fred was an exemplary young man and an enthusiastic Sunday School and Church worker and had many friends here who regret to lose him from their societies but whose best wishes go with him as he returns to mother and sister.

CAPT. ROSENBLUTH.

Captain Robert Rosenbluth, of New York City, is soon to go on trial in Tacoma, Wash., with Roland R. Pothier a former army sergeant, charged with the murder of Major A. P. Cronkhite, at Camp Lewis, Wash., in 1918. Major Cronkhite was first thought to have killed himself accidentally at target practice, but his family alleges he was murdered by Pothier at Rosenbluth's command.

MORE AMERICAN SAILORS LAND IN CHINA TO GUARD U. S.

(By United Press) SHANGHAI, Oct. 6.—Additional American sailors were landed here to protect American property and nations as Fukien troops attacking the city resumed encircling movements on a wide front. The troops are advancing upon the city from three sides.

Beaumont To Get Mail by Air Route

(By United Press) BEAUMONT, Oct. 6.—Inspectors from the air mail service of the postal department will be sent to Beaumont to investigate the establishment of a landing field.

A proposal for air mail service between the United States and the Canal Zone is under consideration and the establishment of a landing field at Beaumont has been asked.

JUST "SCARED"

(By United Press) DALLAS, Oct. 6.—"Not hurt scared" was the verdict of a physician who was called to attend the "injuries" of Aredas Overture, 7, after he had flopped off a grocery wagon.

When the doc showed on the job, the patient had disappeared. He was found beneath the bed and pronounced safe.

SUPREME COURT GETS TO DOCKET

(By United Press) WASHINGTON, Oct. 6.—With more than seven hundred cases on the docket the United States Supreme Court opened its 1924 term today with Chief Justice Taft presiding.

Rev. W. N. Carter, well-known evangelistic preacher, has been secured by the Church of Christ local congregation to hold a series of revival meetings in Mexia, beginning Friday night, October 17th. The services will in all likelihood continue through two weeks. The local congregation has been given the use of the McKinney Street Grammar School, where they have been holding services in the past, and as they have no church building the revival will be held there also. A singer has also been secured to assist Rev. Carter in the meeting.

MARBERRY FIRST IN BOX BUT IS RELIEVED IN THIRD

(By ANDERSON-HORN RADIO.) A crowd of 55,000 fans assembled at the Polo Grounds Monday afternoon to see the third game of the World's Baseball Series, when the Giants forged ahead, winning the game 6 to 4.

This puts New York ahead with two games, while the Washington Senators are credited with one game.

Fred Marberry, former Gusher player, started the game for Washington, pitching three innings, following which three more pitchers were used. Two Texas pitchers worked in the game. New York used three pitchers and Washington 4. The New York Giants took the lead in the early part of the game and maintained it throughout. In the first half of the ninth, with the game standing 3 for Washington and 6 for New York, the Senators filled the bases and the guess here was that Senator fans were wild with the prospects of evening up the score. The rally netted them only 1 run, however.

FATE OF EARLY APOSTLES SHOWN SUNDAY MORNING

The Young Men's Bible Class of the First Methodist church, is now meeting in the new basement. When all the equipment and furniture are installed, a special room will be designated for the young men. They have been meeting in the parsonage and filling the meeting place each Sunday. The new meeting place will provide room for greater growth.

Noel Hollingsworth is the teacher. Sunday's lesson was brim full of information that brought an inspiration to those present.

That the life of the Christian in days of old was not an easy thing by any means, was brought out by Mr. Hollingsworth, in recounting the fate of the Apostles, all of whom met violent deaths, including Judas Iscariot, the Betrayer who was a suicide.

St. Matthew suffered martyrdom by being slain with a sword at a distant city of Ethiopia.

St. Mark expired at Alexandria after being cruelly dragged through the streets of that city.

St. Luke was hanged upon an olive tree in the classic land of Greece.

St. John was put in a caldron of boiling oil, but escaped death in a miraculous manner, and was afterward branded at Patmos.

St. Peter was crucified at Rome, with his head downward.

St. James the Greater was beheaded at Jerusalem.

St. James the Less was thrown from a lofty pinnacle of the temple, and then beaten to death with a fuller's club.

St. Bartholomew was flayed alive.

St. Andrew was bound to a cross whence he preached to his persecutors until he died.

St. Thomas was run through the body with a lance at Coromandel, in the East Indies.

St. Jude was shot to death with arrows.

St. Matthias was first stoned and then beheaded.

St. Barnabas of the Gentile was stoned to death at Salonicia.

St. Paul, after various tortures and persecutions, was at length beheaded at Rome by the Emperor Nero.

Such was the fate of the Apostles according to traditional statements.

Klan Submits \$25 To The Evangelist Vawter And Party

The Mexia Ku Klux Klan recently contributed \$25 to the Vawter Evangelical party, submitting the same to them through, Rev. G. T. Reaves, pastor of the First Christian church, where the revival was held. The letter to Rev. Reaves follows:

September 30, 1934.

Rev. G. T. Reaves, pastor, First Christian Church, Mexia, Texas.

Dear Sir:

The Knights of the Ku Klux Klan are dedicated "to the sublime duty of providing generous aid, tender sympathy and fraternal assistance, amid fortune and misfortune in the effulgent light of life and amid the sable shadows of death; and to the exalted privilege of demonstrating the practical utility of the great doctrine of the Fatherhood of God, and the Brotherhood of Man, as a vital force in the lives and affairs of men."

We reverently acknowledge the majesty and supremacy of Almighty God and recognize His goodness and providence through Jesus Christ our Lord. We believe steadfastly in the tenets of the Christian Religion of whatever name of orthodox faith and that through its teachings and practice depends the future advancement and welfare of our people and nations. We shall forever stand for, and protect, every consecrated minister of the Gospel in propagating the cause of Christianity that humanity may be blessed.

Realizing in your Evangelistic party, composed of Rev. Vawter, Messrs. Reaves and Howe, and Miss Reaves, the highest type of Christian character and in recognition of the great service they have rendered our community in the Divine cause of Christianity and humanity we ask that you accept the small donation contained herein for them in the same spirit which has actuated its giving.

May God's richest blessings be with each of them is the prayer of every true Klansman.

Very sincerely

Have Dark Hair And Look Young

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.—(Adv.)

TANLAC RESTORED CORSCANA MAN TO HEALTH SEVEN YEARS AGO.

"About the best thing I could say for Tanlac is that I am still enjoying the good health it brought me six or seven years ago," said Jos. P. Hardin, 210 W. 4th Ave., Corsicana, Texas.

"I am now 73 years old, weigh 180 lbs. and enjoy perfect health. To have no physical ailments and feel so strong and well at that age is certainly something to be thankful for and I just can't praise Tanlac too highly.

"Before I got on to Tanlac my appetite had left me. I was away down in weight, extremely nervous and had very little strength or energy. As I was getting along in years, I didn't know but what my ailments indicated a general decline.

"But in a few days after I began taking Tanlac I started to come right back and then I knew that all I needed was the right medicine for my case. Five or six bottles of Tanlac fixed me up with a dandy appetite, set my nerves in order, brought back my strength and added 10 lbs. to my weight.

"Tanlac just about made me over, you might say, and I feel good enough now to go out and do the

old work of farming and law making again. My advice to anyone who can't eat or sleep right and feels run-down, is TAKE TANLAC. It sure will build them up and make them feel like new."

Saving Ribbon Money Made Croker's Widow Rich; "I Hope to Reach 100 Years," Says Indian Princess

PALM BEACH, Fla. (Special):—"Legal disputes don't bother me. I've come to Florida to enjoy the sea breezes. Nowhere in the world can one enjoy such refreshing climate, summer and winter, or such natural beauty of flowers and trees. I've gained twenty pounds since I have been here. I am getting fat on litigation."

This was the expression of Mrs. Richard Croker, widow of the former chief of Tammany Hall whose emblem is an Indian chieftain, and who is herself a full-blooded Indian princess. She lives in the "Wigwam," a palatial home on the Croker estate, which extends many miles along the ocean shore south of Palm Beach, and where she is planning to erect a magnificent new home of Moorish design next year.

Mrs. Croker's wealth is said to have increased by the margin of a large fortune through the enhancement of her Florida realty. She purchased the land with pin money, that other women would spend on ribbons, she says. She added that she would have made millions had her late husband been successful in purchasing undeveloped land.

"When Mr. Croker and I first came here, there were no roads from Palm Beach, and we had to get to this estate which is so dear to my heart by using a rumpy little motor boat. It has increased enormously in value since then. Much of it I bought myself with little pin money which Mr. Croker used to give me. Where other women would spend this money on ribbons, I would run out and buy a little piece of land. In this way I acquired a whole additional mile of property," said Mrs. Croker.

"But," she added, "I should have done better. The land around Lake Okechobee, which is being opened up by W. J. Conners and his famous highway across the Everglades is of especial interest to me since Mr. Croker sought to purchase it many years ago.

"In fact it was this land as much as anything which was directly responsible for the break between Mr. Croker and his son. When Mr. Croker desired to purchase the land he wrote to his son for money, and was refused since his son did not think it was a sound investment. The land has increased since then many millions of dollars.

"I expect to spend most of my

life in Florida. It is natural for one of my inheritance to live out in the open, and personally I want to live here to be 100 years old. "The desire for long life is natural. Our benefactors of humanity should live on forever doing good, in the genial climate of Florida. Mr. Conners, who is half Floridian, is one of our great men just as Mr. Flagler and Mr. Croker were. He is doing a great work for humanity in opening up the once pathless Everglades. When Mr. Croker used to say, even then he would succeed; and now look at him today. Mr. Flagler accomplished for Florida what the Gold Rush of Forty-Nine did for California.

"And the Flagler people are still carrying on his work. In the Coast Railroad, building lines through the Everglades, and bringing down to Florida through trains from northern cities they are making it possible for millions to enjoy this land. Ponce de Leon missed eternal youth but the people who are coming here are getting renewed youth and health. "Few people understand the size of this tremendous undertaking of Mr. Conners, and of the Flagler people, and other workers for Florida in making rich land available when it was almost as remote as Africa. I expect to become directly interested in some of this new land myself next year."

The Trotteur at Its Best

Ideal for All-Day Wear

This lovely frock in dark navy blue charmeuse with its novel touches in the way of buttons and widened girdle will appeal to the woman who seeks variety for familiar lines. The fur trimming is especially smart.

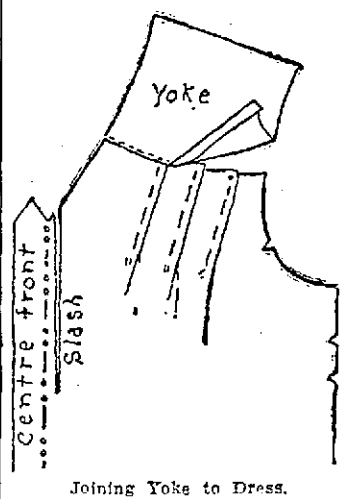

Originality is achieved in the development of this trotteur frock without the sacrifice of simplicity. The model calls for 3 yards of 54-inch charmeuse or other fabric, with 4 yard of fur banding 5 inches wide

and 1/2 yard of the same trimming 1 inches wide.

The dress is tucked at the front and joined to a shoulder yoke. The tucks are made first after which the lower edge of the yoke is turned under and basted to the top of the dress as shown in the accompanying diagram. Many of the leading designers are emphasizing the tucks with stitching of narrow braid or with tiny buttons run along the line of the stitching.

The fulness at the waist is held in with a wide leather belt which corresponds with the color of the dress. The smart widths vary from four to eight inches in the newest belts sponsored by Paris. Natural leathers and most of the seasonable colors are included, with red being prominently featured.

Everything in the way of leather makes a modish decorative touch for the tailored frock this season—leather belts, leather bindings and leather appliques. Shaving favor with red in leather trimming, is Royal blue, emphasized in honor of

the globe-trotting heir to the English throne, whose every movement is of popular interest.

There is no better way to relieve the smart severity of a tailored frock than by buttons and fur trimmings to complement the leather belt.

Interesting for the Tiny Miss

Little Frock in Embroidered Batiste

She's a discriminating little lady, the tiny tot with social demands to be met, so with her particular party needs in mind Fashion has created this frock of white batiste and embellished with simple embroidery and tucks and lace.

Here is another of the youthful modes so elastic in the matter of development, for it may be made of pastel Georgette crepe as well as in batiste or chiffon. Groups of hand-made tucks alternate with panels of embroidery in the decoration of the dress, the lower edge being scalloped and trimmed with Valenciennes lace.

In the two diagrams given, the home dressmaker is shown how, first to hem the scalloped edge, then how to sew on the lace. The narrowest possible hem should be used for a round edge. First, turn the edge, then baste it. If necessary, snip the turned edge every inch or two so that the hem will lie perfectly flat. If

the hem is too wide at 1/4 of an inch, reduce the width. If it will not lie flat after that, as sometimes happens, then the best thing is to omit the hem entirely and face the edge of the dress. Use very fine stitches.

In adding the lace, full it on gently. Lace is never gathered unless it is real. Draw the manufacturer's thread which is found in all machine-made lace edging. This will gather the lace to any fulness desired. Then, whip each mesh of the lace to the hem, as shown in the diagram.

Embroideries are so designed and placed this season as to bring-out the character and unusual lines of the frocks which they decorate. Sometimes they are in corners. Scallops

and appliques are used, to good effect, white inserted bands of lace and contrasting material add interest to some of the latest models. The panel introduced in actuality or simulated by embroidered tendrils of floral sprays as well as fagoting, is a style note repeated by several of the leading designers of children's clothes. This design may be duplicated in figured materials with the embroidery omitted, or replaced by lace panels.

A national holiday to commemorate the birth date of Walter Johnson, veteran star of the Washington American League club's hurling staff, has been proposed by Mrs. John I. Nolan, woman member of Congress from California. The National Federation of Women's Clubs has elected Mrs. John D. Sherman its new head. Her home is in Estes Park, Colo. The custodian of alien property in the United States, Colonel Thomas W. Miller, has been chosen head of the Federation of International War Veterans at its meeting in London. An enthusiastic crowd heard Cardinal O'Connell, of Boston, propose three cheers for the Pope at a meeting in Washington preliminary to the gathering there of the Holy Name Society, and the cheers were given in a remarkable demonstration.

The Art of Beauty

By B. M. DOUGLAS

HOT SHOVELS, WINE, AND MYRRH REQUIRED IN OLD BEAUTY RECIPES

NOWADAYS when milady wishes to apply a cleansing cream, astringent, hair tonic, or other beauty lotion, she merely opens a dainty little bottle or jar where the preparation is all ready for use.

Not so with the woman of even a few centuries ago. When she wished a beauty treatment she had to assemble half a dozen ingredients, mix them carefully according to formula, perhaps even cook them and cool them. Consider the difference, too, in the methods of applying them. Compare the relative comfort between sitting in an easy chair in your boudoir patting on an astringent, and going thru the inquisition process described in this ancient astringent recipe, supposed to tone up the skin and remove crow's feet:

"Heat a shovel red hot, and on it throw a pinch of powdered Myrrh, meantime throwing a thick towel over the head and bending over the shovel to get the fumes directly upon the face. Repeat this three times, then heat the shovel a fourth time and spray on a little white wine. Let the fumes penetrate, and repeat the procedure three times."

It is obvious that this recipe was in vogue in the days when white wine was more available than it is to-day.

A popular hair-oilment of 1400 A. D. was made by the following recipe: "Mix sal-marine, vitriol, and nitrate of potassium; grind together with dried roots of swallowwort, oil of poppies, bile of an ox, a very little scoria, Arabic gum, alum, sulphur, and ginger. Rub the hair with this preparation and leave till morning."

Another "hair-raising" recipe of olden times reads: "Take dried roots of the Orient, grind them to powder, and mix them in equal proportions with the yolks of eggs that have been boiled; then mix with wild honey. Rub on the hair

in the evening, wrap the head in a turban, and wash in the morning with olive oil soap and fresh water."

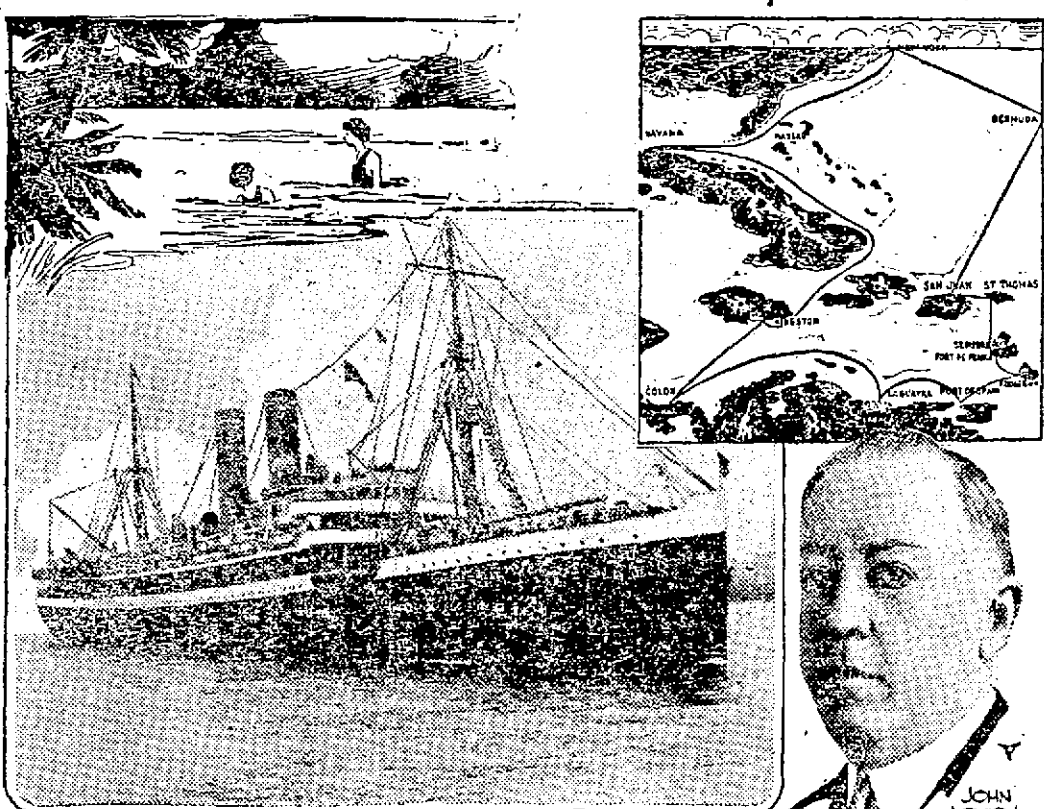

No wonder women had no careers and took no part in the world's work in those days when good grooming demanded so much time and work!

An etiquette book of less than a century ago admonishes women that the "only safe way to color the face is to dip a bit of red silk in some wine and rub on the cheeks where the color is desired."

In the twentieth century, with rouge which meet the most stringent requirements as to purity, we should scarcely consider this method desirable or even safe, and one can imagine that the ladies of this period who had to depend on red silk for their coloring must have had some bizarre color effects! They would certainly be astonished if they could see their great-grand-daughters of to-day blithely ordering the rouges

and powders by each collection, choosing from their wide selection, Blanche, Naturelle, Mandarin, Asche of Roses, or whatever rouge is best suited to the particular costume and occasion.

NOTHING NEW UNDER THE SUN?

— The Rag Doll Objects !!

By MABEL DROUET

We were taking our lonely constitutional along the summer resort's coolest road, and naturally had our ears perked up for any interesting noises. It wasn't long before there issued from behind a huge tree trunk this, in shrill childish trebles: "I don't believe ya. Ya aint so smart!"

"Don't hafta be smart—the paper tells ya how."

"Didja mamma help ya?"

"Naw, made it all myself—it's easy as punkins!"

"Wish I had one. Do they cost much? Waddaya call 'em?"

"Don't hardly cost anything at all. This one's Gretchen, a little Dutch girl, and the paper says she's a St—a Stu—here, help me, —a S-T-U-F-T-O-Y. Bucilla Stuffy! Oh, I know why! 'Cause she's a peachy toy (and yet my mamma has a Pierrette one in her bedroom), and she's stuffed!"

Curiously, we peeped around and saw in the hands of one of them a doll which was typical of every cunning little Dutch girl — from the tips of her wooden shoes (not really wooden, but tinted realistically on muslin) to her yellow wool braids and Dutch apron. They even permitted us to view the precious "paper" (a very detailed instruction chart), and we found that these dolls might be purchased flat, stamped, and tinted for very simple sewing and embroidery, and that they came in a most interesting array of characters—equally suitable for toys or for decorative purposes.

There are Toppies, and Minnehahas, and Baby Bessies, and Fritziess, and Pierrettes, and a score of other characters dear to every child's (and most grown-ups') heart.

Housewives Help National Prosperity By Eliminating Waste In the Kitchen

Food left-overs formerly consigned to the refuse container are now being utilized by thousands of housewives in fashioning palatable dishes. "Thrift is shown by a large element of American women," says a survey by the National Association of Ice Industries. "Despite the colossal kitchen waste which will only be eliminated through years of educational service by home economists. "Since stress of war drove home the advantages of food conservation, at least ten percent of all housewives have continued along lines of economy. Since the war an additional twenty percent have been taught kitchen economy by the experts of various organizations. Therefore in thirty percent of American homes kitchen waste is reduced to a minimum. Food is properly cared for in well-iced

refrigerators and wholesome left-overs are daintily prepared and quickly consumed. The refrigerators are properly packed but not stuffed with food. "Greatest waste among individual families is recorded in the more prosperous homes where servants are maintained. When the problem of food wastage by careless servants is solved the aggregate annual kitchen loss will have been materially reduced. Food wastage also obtains to a considerable extent among the very poor families, due to ignorance and inadequate refrigeration facilities. A chief fault is overstocking on pay day. "Generally speaking, however, the average housewife is far more judicious than she was ten years ago, and she has learned the economy of a good refrigerator with a well-filled ice chamber."

DANGERS OF HOME

Insurance payments help recompense the insured in a financial way but they cannot restore an arm, a leg or a life lost through carelessness. Nor can they replace the great economic loss that results from fire carelessness which destroys \$500,000,000 worth of property annually in this nation. Insurance companies cannot give 100% service to persons or property without the hearty cooperation of every individual citizen.

Forty-seven percent of all claims paid by accident insurance companies are on mishaps incurred in the home and incident to recreation, exclusive of motoring.

Once upon a time when Mark Twain was about to take a railroad journey the agent tried to sell him insurance against being killed enroute.

“Thank you, no,” replied Mark. “I have seen statistics which prove that the vast majority of deaths occur in bed. I will be glad to take a policy insuring me against that.”

The files of casualty insurance companies show that the most dangerous place in the world for accidents is in and around the home, an especially hazardous place next to polished floors is the family bathtub. The baby’s finger pokes lots of eyes out, one company paying 236 claims for damaged eyes.

The automobile has the highest individual score. National Safety Council says 75,300 persons were killed by automobiles in 1922.

THREE DESIGNATED HIGHWAYS.

Mexia is located on three designated highways. These are: The X-All highway, North and South; the Roger Q. Mills highway, North and West and the Lone Star Trail, East and West; shortest route from Florida to California. These highways are to be improved constantly. Already, thousands of tourists flock through here annually. The Lone Star Trail has only recently been marked through here. Freestone county has voted a million dollars to improve her roads and highways and the Lone Star Trail is included in the program. With its completion to the Trinity river, an endless stream of people will pour through Freestone County and Mexia, going and coming from all of the states of the South and Atlantic States and many states of the West and Pacific coast. This means more visitors, more permanent citizens, more excellent publicity, more wealth and more opportunities. Welcome to Mexia!

distance telephone communication should not be made as easy and universal in Europe as it is in North America; but the financial and political difficulties of co-ordinating the telephone systems of a dozen different countries are considerable.

This is in striking contrast to the American system which enables a telephone subscriber to use any Bell telephone whether in a farm house or city office, to speak to practically any point in this nation.

Telephoning in this country is as much a matter of daily routine as eating.

Mexia is a \$5,000,000 institution, according to the tax records. The city has all the modern conveniences and public utility enterprises found in the great cities of the country. Most all such improvements as are noted in the waterworks plant; sewer system; incinerator plant; paved streets and alleys; public school buildings, including as magnificent a high school plant as can be found in Texas; its city hall and fire department, have been made possible through the voting of bonds which is indicative of the progressive spirit of the citizens of the city that vision is building.

LIMESTONE COUNTY DEMOCRATS URGED BY EUBANKS TO GET IN BEHIND THE “DAVIS AND BRYAN VICTORY CLUBS”

Active organization of “Davis-Bryan Victory Clubs” in every town in Limestone county began today according to A. H. Eubanks chairman of the county Democratic finance committee, recently appointed by W. L. Clayton of Houston, state chairman.

According to Mr. Eubanks a club will be organized in every town in the county at the earliest possible moment. The quota for Limestone county has been set at \$1,000.00. It is believed this amount and more will be realized from membership dues in the Victory Clubs within the next few days. The following statement was issued today by Mr. A. H. Eubanks.

“I feel sure that every Democrat in Limestone county is anxious to become a member of his local “Davis-Bryan Victory Club.”

“Membership in the club is based on \$10.00 for sustaining membership; \$5.00 for active membership and \$1.00 for membership. The general appeal will be made on the \$1.00 membership. It is hoped however that many citizens will subscribe the larger amounts.

“Blanks have been furnished presidents of the clubs in the various towns and communities in the county. These blanks are headed with the signatures of Jno. W. Davis and Chas. W. Bryan who have expressed a desire to become charter members of every club.

“Every man and woman joining will sign the enrollment blank.

“A Red Rooster will be given each member—this button is the official emblem of membership.

“With the tide of victory rapidly swinging to Mr. Davis and Mr. Bryan our county will want to do its part in this campaign.

Splawn Believes In Big Lake As Oil Bearing Area

AUSTIN, Texas, Oct. 6.—In order to ascertain for himself the status and prospects of oil development operations upon lands owned by the University of Texas in Reagan County, Dr. W. M. W. Splawn, President of that institution, visited the new field there this week. He returned very optimistic as to the prospects of the University obtaining a considerable amount of revenue from the oil royalty of the wells already drilled upon its lands.

"There is no doubt about there being oil on the University lands at Texon," Dr. Splawn said. "There are about eleven wells which are producing. Some of them are very small producers. Most of them are being pumped. However, there are two big gushers each of which will flow from two to three thousand barrels a day. Enough wells have been drilled to make it practically certain that the royalty which the University will receive will amount to something like \$250,000 to \$500,000. Just how extensive the field is has not yet been determined, and one man's guess is perhaps as good as another's."

"Under the Laws of Texas, the royalty from the sale of oil off the University lands goes into the permanent endowment, and will not be available for any other purpose. The interest from it will be used toward the construction of buildings. Some desire to ask the next legislature to make the income from the oil available for building purposes. It remains, however, to be seen whether the legislature under the constitution would have the power to make such disposition of these funds. There is some promise that the endowment of the University will be substantially increased through the discovery of oil on the lands of the institution."

Lions Enthusiastic Over Friday's Meet

The Lions luncheon Friday was characterized by an enthusiasm that sets it apart from other meetings of the year. Lion R. C. Preatt was leader of the day and a splendid program was presented. The Mexia Cats and their sponsor Miss Bybee were the guests of honor and brought with them the fine school spirit and the pep that characterizes their actions on the football field.

Coach Poteet who is earnestly engaged in developing the formidable Cats into the invulnerable eleven that will make Mexia famous, spoke on a subject upon which he is always ready to discuss—Athletics. He outlined in a concise manner the present rules of the High School association, expressed the appreciation of himself and his proteges for the fine spirit that prompted the invitation to the luncheon and closed by inviting so cordially the Lions to Friday's game with Itasca that they turned out a score strong, backing the cats with a zest and enthusiasm unknown to some of them.

The Black Cats quartet rendered several popular numbers and Miss Bybee the sponsor delighted her hearers with Riley's "Old Sweetheart of Mine."

Lion Landrun made a talk on football urging the boys on to success and pointing out the rewards of playing the game on the square.

On the motion of Lion Hollingsworth a committee was appointed to decide on a trophy or a cup to be presented by the Lions Club to the man who proves himself most valuable on the team this year. The requirements to be met will be decided on by this committee also.

The Rev. Dr. Harry Emerson Fosdick, Baptist pastor of the First Presbyterian Church of New York, is expected to resign his pastorate rather than obey the order of the Presbyterian General Assembly that he accept the Presbyterian confession of faith. Jackie Coogan, American juvenile screen star, furnished vast amusement to Pope Pius, when the latter received him in audience, by telling the Pontiff the Vatican would make a "well set" for a motion picture.

Victor K. Aubrey was elected a member of the club.

LIONS TO FEED THE VISITORS FRIDAY

There will be no weekly meeting of the Lions club this coming Friday. The Lions have designated a program committee that will be in

charge of a luncheon which the club will serve to the Lions among the delegates and visitors to the Synod. This luncheon will be served in the dining room of the First Christian church and on account of the big number expected to be entertained, only the members of the committee from the Lions organization here will be expected to attend.

Protecting Health Of Students At U.

AUSTIN, Texas, Oct. 6.—Excellent means are provided at the University of Texas to protect the health of all students. For a fee of five dollars required of every registrant, students are entitled to a thorough physical examination, consultation with physicians during office hours, necessary calls at the students' homes, and all visits necessary while a student is confined at a hospital. In addition, students receive board, lodging, and nursing at a hospital in case of necessity, not to exceed 21 days. Students also have the benefit of an ambulance, pathological and X-ray examinations, when authorized by the dean of the University Health Service, minor surgical operations, as well as eye, ear, nose and throat examinations and treatments. The medical staff has also established an extensive program having to do with all phases of preventive medicine. Regular inspections are made of all University buildings and grounds, all fraternities and sorority houses, boarding houses, cafes, theaters, swimming pools, and all other places where students congregate. The personnel for the University Health Service for the 1934-35 session will be as follows: Dr. C. W. Goddard, dean; Dr. C. S. Gates, physician for men; Dr. Mary Elizabeth Roe, physician for women; Dr. S. N. Key, eye, ear, nose and throat specialist; Mrs. Minnie D. Wyatt, secretary.

Gasoline Down to 5 Cents at Cotulla

COTULLA, Oct. 6.—Cotulla had a little gasoline price war all its own and while it lasted it made "joy juice" reductions in the east fade into insignificance. Competition between firms started the ball rolling. The first reduction went to fifteen cents. Daily it went a little lower as one firm underbid the other. Finally it slumped to the new low figure of five cents, and halted thereby hanging up a record for the entire country. Tourists, it is said, are driving several miles out of their way to get to Cotulla these days.

MEXIA PARTY AT CAPITOL HAVE BOX AT THE GAME NEXT TO THE PRESIDENT

According to a message received from Washington, Mr. and Mrs. Jesse McLendon, Mr. and Mrs. J. K. Hughes and Mr. and Mrs. Jack Womack, the Mexia party secured a box to witness the world's series at Washington, adjoining the box used by President and Mrs. Calvin Coolidge. It is guessed around here, however, that the Mexiaites, especially Mr. McLendon, were more anxious to see Fred Marberry than they were anybody else. Marberry, former Gusher pitcher, rose to the height of a hero in the game Sunday.

TWO GOOD FAMILIES MOVED TO EL PASO
T. M. Goudeau, who has been with the Community Light and Power Company here for some time, left Saturday for El Paso to join his wife who went out there several weeks ago for her health, accompanied by her mother, Mrs. H. S. Harlan. Mr. Harlan, also with the Community Light and Power Company, accompanied Mr. Goudeau both having resigned their positions here and will seek employment in the western city.
Thus Mexia loses two good families, and their church loses several loyal members and workers. They carry with them the best wishes of many friends here who hope for the early recovery of Mrs. Goudeau.

Daddy!
how about that treat?

The kiddies will meet you at the door!

Oh, joy — it's WRIGLEYS! Yes, joy and benefit, for this long-lasting, inexpensive sweet helps teeth, appetite and digestion.

Children love it and all the time they're getting the good it does them.

Doctors and dentists say that chewing gum cleans the teeth and aids tooth nutrition. Also, that it helps digestion.

Nothing else at 5 cents means so much in benefit and pleasure.

So we say

after every meal!
